

GettyGuide Technical Specifications

2/10/04

Application Platform

Server back-end	Java 2 and XML
Kiosk	Web browser with Java plug-in
Handheld	Flash 6 with XML

Kiosk Platform

Operating System	Windows 2000, service pack 2
Browser	Internet Explorer 5.5, service pack 2
Plug-in	Java 1.4.1.03
Player	Windows Media Player 7.1
Video	MPEG-2 transport stream decoder, 512x384 at 30fps
Hardware	Intel Pentium III @1.2GHz with 256MB RAM
Display	1024x768, 16 million colors (24-bit)
Input	Touchscreen or mouse
Synchronization	Infrared port

Handheld Platform

Operating System	PocketPC 2003
Plug-in	Flash 6
Wireless	802.11b
Audio	MP3, ~56bps VBR, mono or joint stereo
Hardware	Intel PXA263 @400MHz with 128MB RAM
Display	4 inches, 240x320 pixels, 64K colors
Input	Touchscreen
Battery	High-capacity 12 hours
Synchronization	Infrared port

Server Platform

Operating System	Unix servers
Application	Application servers
Database	Relational DBMS
Audio	Web servers
Video	MPEG-2 streaming software supporting 4.5Mbps transport over RTSP
Location services	Web servers, 802.11b compatible location services server software
